We have a 2004 Generac commercial generator that we got from one of our commercial accounts. It was used as for a mental health facility in Cleveland. The building was torn down and we were given the generator.

Selling "as is" for \$5,000.00 negotiable. Selling "as is" because I'm not an electrician or have the ability to test it myself. Anyone interested is free to have the unit tested by a qualified professional.

If interested, please PM me. Upon request, unit can be inspected. I also have the transfer switch and all operating manuals. Will need some assistance moving some boxes to get to the transfer switch.
